**Re: Proposed Revisions to the International Standard of Actuarial Practice 1 on General Actuarial Practice (ISAP 1)**

Dear Mr. Perrott:

First, on behalf of the Canadian Institute of Actuaries (CIA), thank you for the opportunity to comment on the final version of ISAP 1.

Second, we asked the Actuarial Standards Board and the CIA Practice Council to review the material, and following completion of this work, neither group has any further changes to propose.

We look forward to the final release of the standard in due course.

Yours truly,
